China reports 57 new virus cases

China today reported 57 new virus cases, including 17 in the southern city of Guangzhou and six in the northeast city of Shenyang.

The National Health Commission (NHC) said 36 of the patients had no known recent travel history and were classified as imported cases.

The other 20 cases were domestic infections reported yesterday in southern and northern provinces.

The southern flight from Bangladesh was halted, as was a China Southern flight from Dubai.

City officials in Xinjiang reported 13 new cases yesterday, and one of yesterday's new cases was a 36-year-old woman who had travelled to India.

He developed a fever a week later and was diagnosed with COVID-19.

The main section of the large, sprawling market in the capital, which had been a key point of origin for the virus last month, was closed.

COLOMBO – The Sri Lankan embassy in Rome has made arrangements to repatriate the body of a Sri Lankan citizen who has entered Italy illegally, in a bid to deport the remainder of ‘Sri Lanka’s 2020 amnesty’ granted by the Italian government, from July 5.

The Ministry of Foreign Relations in a statement yesterday (14), said the Sri Lanka’s Minister of Foreign Affairs Dinesh Gunewardena and Secretary-General of the Ministry were expediting the passport application process of the Sri Lankans to enable them to regularize their stay and obtain legal stay permits for work purposes. The statement described the amnesty as one of the key policy elements of the Centre’s development plan that provides avenues for illegal migrants to work without violating their visa status.

The Ministry of Foreign Affairs in Rome and Mil- lan had considered a special consular service for expediting passport applications within 15 working days of the dates of the applications being submitted. The Min-

istries have also called upon the applicants to make appointments online and follow the standard procedure. The statement said the Sri Lankan Ministry of Foreign Affairs would make Online Mobile Service yesterday (14), for expatriates to apply for passports to regularize their visa status and obtain work permits. The Special Online Mobile Service had includ- ed a list of other consular services, using video conferencing mode and an electronic mailing system. The Missions have said they would be re- ceiving applications for passports under the amnesty scheme for Sri Lanka and Maltese and beyond and the first of the Sri Lankan amnesty citizens from third countries came from Italy.

The resurging of a state of fear

Rights groups are warning of a crackdown and increasing human rights abuses in Nepal with every new political storm in Nepal with every new political storm in Nepal with every new political storm in Nepal, prompting fears that the worst is yet to come.

Advocates for Nepal's missing persons, especially women, are increasingly concerned that the need to self-censor is escalating, with the number of abductions and disappearances increasing. At least two journalists have disappeared in recent weeks, according to the National Human Rights Commission of Nepal (NHRC).

The NHRC has also received reports of abductions and extra-judicial killings. Activists say they are self-censoring as a result of the increasing threats.

In Sri Lanka, the government has been accused of severe human rights violations, including killings and disappearances, during the civil war. At least 45,000 people are still unaccounted for, according to the Human Rights Watch.

The civil war ended in 2009, with the defeat of the Tamil Tigers and the army. But reconciliation efforts, especially in the areas affected by the conflict, have been met with resistance.

In India, the government has been accused of not responding to the Chinese threat, despite the Sino-Indian交往的紧张局势。但中国的行动可能使问题更加复杂，因为中国不再与印度直接对抗，而是通过在其他地区增加影响力，以及通过与印度的经济和文化联系来施加压力。这可能会对印度的国家利益构成威胁，尤其是在经济和安全方面。

在印度，政府已经批评中国在边境问题上的行动，但同时，印度也在寻求加强与中国的经济和文化联系，以平衡与中国的紧张关系。

在尼泊尔，政府已经与中国就边境问题进行了多轮谈判，但并未取得实质性进展。在印度，政府已经表示，将与中国在边境问题上进行更多协商，以期寻求解决问题的途径。
